

St Laurent

PREMIX BLEPRIM'

Ref. 300062

Last update 09/01/2024

Description & Benefits

Premix for primates to be used as a base for mixing other ingredients (drugs, food supplements, fats, enrichment...).

Product without added sugars but appetizing thanks to added stevia.

Contains no additives, vitamins or added minerals.

Feeding Instructions

This product replaces ready-to-use cereals.

Once moistened it can be formed into a ball and easily distributed to primates.

The physiological stage of the animal and its activity level must be taken into consideration to determine the daily ration.

Supply with fresh clean water, renewed regularly.

Composition

Wheat, rice, breadcrumbs, stevia.

Format & conservation

Bag of 12.50 kg

Store away from light, in a cool and dry place.
